

AWeMaria

an artist born in Germany, exemplifies the dynamic interplay between artistic evolution and personal transformation. With a strong foundation in art studies in Germany and design and photography studies in Italy, she initially focused her work on socially and family-critical themes. Her thought-provoking pieces gained acclaim in numerous exhibitions across

Germany, Italy, and France, earning her a place in both public and private collections, as well as recognition in the prestigious German celebrity encyclopedia "Who's Who."

However, AWeMaria's artistic path took an unexpected turn when a sudden illness prompted her to pause her creative endeavors. This period of reflection led to a profound life change, driving her to restore an old farmhouse in the idyllic surroundings of Mallorca, where she currently resides and works. This sabbatical was not merely a break but an opportunity for introspection and reinvention, laying the groundwork for her artistic rejuvenation.

In 2023, AWeMaria made the decisive choice to break away from her artistic past, adopting the name AWeMaria. This shift symbolizes a conscious departure from the critical tones of her earlier works toward a liberating exploration of abstract forms and energies. Drawing on her extensive experience in painting, she quickly cultivated a distinctive, powerful style characterized by its unmistakable energy and originality.

"The rebellious years are over; I just want to focus on what I can give and not on what has been taken from me." AWeMaria reflects on her transformation. This newfound clarity and expression resonate in her current works, which showcase an artist unshackled by previous constraints. Since 2024, her art has been exclusively featured in a66 Gallery and its partner galleries, marking a new chapter in her career. AWeMaria's journey highlights the potential for reinvention and the pursuit of inner peace, demonstrating that true artistic expression often emerges from life's challenges.
